COMFORT & PRODUCTIVITY

Better productivity at the office is directly related to your level of comfort. If your seat is incapable of bringing you comfort, you are bound to stay restless throughout the day, which will definitely result in lower levels of productivity. In order to counter that, this executive office chair, from the OS Big & Tall Collection by OfficeSource, offers not only style and quality, but also high levels of comfort. When your current seat at the office starts giving you a tough time, you must purchase a new office chair, like this elegant and comforting executive chair, to make your day at the office easier and more productive.

LESS RESTRICTIVE & FUNCTIONAL SUPPORT

This heavy duty executive mesh chair is the perfect addition to any office, board room, or study. Its 400 pound weight capacity renders it compatible with a broad range of different body types. The seat is beautifully upholstered in black leather-soft vinyl and is fitted with a durable and breathable mesh back with integrated adjustable lumbar support. The chair is as comfortable as it is durable. Additional features include height adjustable arms, a 2:1 self adjusting synchro tilt mechanism and chrome base. It also features improved pneumatic gas lift seat height adjustment.

[TASK CHAIRS]

QUALITY, AESTHETICS & COMFORT

When it comes to choosing office seating options, it is only natural to look for a chair with comfort, class, quality, and aesthetics. This mesh task chair from the OS Big & Tall Collection encompasses all of these characteristics, and is an example of OfficeSource excellence and quality. This task chair comes with a mesh upholstered big and tall comfortable back, offering a soothing experience for the person sitting on it. This task chair comes with a black steel heavy duty base, providing sturdiness. This chair has casters that allow easy movement. You can also adjust the height of the chair according to your needs. This chair is the clear choice for comfort and functionality.

COMFORT & FUNCTIONAL SUPPORT

Ensure that your guests can sit comfortably, with an OS Big & Tall chair that can hold up to 400 lbs. This chair is a great choice to use in both hospital and doctors' offices, where patients may otherwise not feel comfortable while seated for long periods of time. These chairs can be easily rolled around the office, thanks to the heavy-duty casters. The high performance of the black antimicrobial vinyl of the seats is comfortable to sit on, and can be easily wiped down to keep clean. This chair is a thoughtful option to have on hand, so that you can take everyone's needs into consideration.

BREATHABLE & COMFORTABLE MESH

This office chair from the OS Big & Tall Collection is becoming massively popular among executives for all the right reasons. This chair is highly functional and exceptionally comfortable. The high quality mesh upholstery design on the back of the chair provides increased ventilation and air flow. This helps the users stay cool, and the mesh is low maintenance and highly resistant to wear and tear. The tilt tension function helps users adjust the resistance for smooth reclining of the chair when necessary. The height of this chair can easily be regulated using the pneumatic seat height function. The high back offers additional comfort to users, making it easier for them to work extra hours, and conduct meetings efficiently.
