### BERTOLINI MODULAR SYSTEM

All Bertolini models, including arm chairs, interlock with each other to provide mix and match modular flexibility.

## FULLY UPHOLSTERED OUTER BACK

The fully upholstered back provides superior look and sound absorption.

## ERGO-V ERGONOMIC BACK FOUNDATION

The multi-contoured V shape supports the lower back and cradles the upper shoulders.

## FABRIC

Our commercial-grade polyolefin fabrics are double-rub tested up to 250,000 times without showing signs of wear.

## FINISH

The ultra-durable powder-coat is electrostatically applied and baked at over 400°, and then saltwater tested for more than 800 hours.

## EXCLUSIVE DUAL-DENSITY FOAM

The commercial grade dual-density virgin foam ensures all-day comfort and resiliency for the life of the chair.

## STRONGEST FRAME

The 16-gauge bar system features 1010 cold-rolled carbon steel with integrated torsion that supports up to 1,000 lbs.

## STACK BUTTONS

The extra-wide stacking buttons provide efficient stacking to protect your investment.

## ERGO-V BACK DESIGN

Proprietary Ergo-V support system provides ergonomic comfort and durability while creating a lighter, easier to handle chair.

## RADIUS-EDGE ELEGANCE

Our exclusive radius-edge steel frame provides a softer, more elegant look while extending the life of the finish when stacked.

## T-NUT FASTENERS

The t-nut metal-to-metal fastening gives rock-solid durability.

## BOOTED GLIDES

The noncorrosive, zero-maintenance, booted glides protect your chairs and your floors, and avoid swivel-glide failure.

## RETRACTABLE INTERLOCK GANGING

The standard retractable ganging interlocks easily mount under your chair to link chairs into rows.

## STANDARD GANGING

The straight interlocks hold chairs tightly together. Available at no additional charge.

## RADIUS GANGING

The radius interlocks allow enough space to form a gentle curve. Available at no additional charge.

## ARMS

Option chair arms are available with a height of 26 3/4 inches (from the floor to the top of the arms).
