

APEX Ergonomic Series Gas Lift Task Stool

MODEL
38203

DESCRIPTION

The Apex series gas lift task stool has the same modern and ergonomic design as the stacking chair with the addition of the five star base allowing for easier mobility and pneumatic height adjustment along with a foot rest for added comfort. The patented seat shape is contoured to provide maximum comfort throughout the day. The seat has a contoured back that is shaped and angled for sitting upright or in a slightly reclined position. The front edge of the seat is swept downward for productive, over the desk task work. The stylish shape allows freedom of movement, functional support, and a great value.

FEATURES

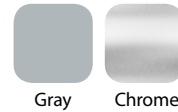

- Brackets are welded to underside of frame for added strength
- 5-star base with 2" hooded swivel casters
- Pneumatic lift provides easy height adjustment
- Chrome ring foot rest for added comfort

LEAD-TIME

All models and colors listed ship within 1-2 weeks. All standard colors are designated as 1-2 week lead-times (Black, Navy, Blue, Apple, Charcoal, Red, Blueberry and Orange). All non-standard colors have a minimum order quantity of 500 chairs and a 12 week lead-time. **NOTE:** To ship in 1-2 weeks, all products on a purchase order **MUST** be 2-week lead-time models or less. If any item on a purchase order is not considered a 2-week lead-time item or less, the entire order will ship at the time the longest lead-time item is available.
